Q&A

Send in your questions as we go through the session – we'll have plenty of time after the presentations to address these.

Transforming the world
to sustainability

Upcoming webinars

- 17th September - Resettlement 101 – Risk management: The What, Why and How of Meeting International Requirements on Involuntary Resettlement
- 22nd September - Corporate Sustainability: Making the choice for Ethical Resilience
- 23rd September - Targets for Green Growth - setting the targets under the Environment Bill
- 23rd September - #BuildBackBetter - The Role of Blockchain in supporting business resilience and the transformation to sustainability
- 28th September - Launch of IEMA Primer on Major Accidents and Disasters in EIA

Background

- 2000: IEMA co-funds the creation of SiLC
- 2011: IEMA supports transition of SiLC to a private limited company retaining an IEMA staff member as a Director
- SiLC is a valuable resource for members which aligns to IEMA's objectives of transforming the world to sustainability
- Aim: Providing efficient timely development of Brownfield land strengthens and maintains communities and favourable environmental conditions. SiLC has also been actively involved in and supportive of sustainable remediation initiatives

Session focus

- An overview of the SiLC scheme;
- An understanding of how the scheme and quality mark improve industry standards and promote efficient progress through planning;
- The requirements and benefits in becoming a member of SiLC.
